I love to sit and watch
The cars go by
As I'm in my favorite row,
Row 9

My friend said to me
That songs held many memories
My friend said
Her life had many songs

Row 9, I love to be in row 9
Row 9, that's my favorite row,
Row 9

I've had so many ideas
Of what friendship's supposed to be
To me
But if my wide-eyed ideas
Don't line up with the truth
I can't see

Oh, row 9, I love to be in row 9
Row 9, that's my favorite row,
Row 9

Oh, row 9, I love to be in row 9
Row 9, that's my favorite row,
Row 9
