Chorus:

Lift every voice
Let the nation sing
We've come to testify and magnify
Worship the king
Let the islands dance
Lift up your hands
To make the reconcile
Dont make the one
Worship the king

We are chosen generation
We are united, undivided
Marching for a dance to victory
No one can stop us
We will rejoice his name

Chorus

Lift every voice
Let the nation sing
We've come to testify and magnify
Worship the king
Let the islands dance
Lift up your hands
To make the reconcile
Dont make the one
Worship the king

We were made for this hour
We're getting stronger
By his power
Praise and worship him forever
We'll stand together
When we'll rejoice and sing

Chorus

Lift every voice
Let the nation sing
We've come to testify and magnify
Worship the king
Let the islands dance
Lift up your hands

To make the reconcile
Dont make the one
Worship the king

And when it goes down
I feel near to you
And I feel about
I feel rejoiced
It seems to my Lord
And king

We've come to testify and magnify
Worship the king
Let the islands dance
Lift up your hands
To make a reconcile

Lift every voice
Let the nation sing
We've come to testify and magnify
Worship the king
Let the islands dance

To make a reconcile
Dont make the one
