Well I'm sitting here thinking,
Just kinda wondering,
Thinking about you and me.
And when you cross my mind,
Every single time,
I smile and think of what we could be.
Now I hope that you don't mind,
I wanna make you mine,
And I know that you want me too.
So baby come on over,
We can make it work,
I just need to know you love me too.

'Cause you are like a waterfall,
Your love is like a river,
You take me and wash me away.
Then down I come falling,
Oh I just keep falling,
Keep falling into your love.
I keep falling into your love.

Well you say that you like me,
You really really like me,
But you don't want to take it too fast.
But you don't have to worry,
We'll let this thing grow,
'til we know that we're meant to be.
I just know that we're meant to be.

'Cause you are like a waterfall,
Your love is like a river,
You take me and wash me away.
Then down I come falling,
Oh I just keep falling,
Keep falling into your love.
I keep falling into your love.

And I am like a waterfall,
My love is like a river,
I'll take you and wash you away.
Then down you'll come falling,
Oh you'll just keep falling,

Keep falling into my love,
You'll keep falling into my love.
I keep falling into your love.
