There's a story about this land  
Dynes that keep the secret in the sand  
Bowl from ancient history  
Hiding an eternal mystery

And truth lies somewhere in the desert's secrecy

In wind I hear the whispering  
The greatest treasure there has ever been  
So far like a glory shining star  
A tale about the Grail of Sahara

Old oasis up the hill  
Fountain's water dreary standing still  
Chest of victory and death  
Hidden in oasis' holy bed

And truth is buried in the sand till man's last breath

In wind I hear the whispering  
The greatest treasure there has ever been  
So far like a glory shining star  
A tale about the Grail of Sahara

In wind I hear the whispering  
The greatest treasure there has ever been  
So far like a glory shining star  
A tale about the Grail of Sahara
