This heart is hard to touch
I've been hurt too many times, I don't trust much
But somehow I feel we've got something that's real

(Chorus)

I never believed
No, I never knew
I'd ever fall into arms that were true
No, I never believed
That your love could see me through
And though I never believed
I Believe in You

You pull me in close
The darkness inside turns light and I fill with hope
Just a child born anew preachin' deep gospel truth

(Chorus)

'Cause you brought water to the desert in my soul
You touched my heart when I was half
And made me whole
Your forgiving eyes saw the best in me
You changed my life 'cause you believed
Yes, you believed in me

(Chorus)
