Lost dreams, lost at sea  
Sailin' the land of milk and honey  
Lost love, afraid to say  
What got lost along the way  
Lost cause, tug of war  
Won the battle don't know what for  
Lost lives, the buried cost  
How could I ever have been so

(Chorus)

Lost in your eyes in the rush  
In the power of your touch  
Caught in the heart of a rising storm  
Burned by the fire that keeps me warm  
Everyone gets lost  
Everyone gets lost

We get lost like children left behind  
Running scared and running blind  
Like innocence of the soul  
Digging out of another hole  
We're lost like time turned to dust  
Going faster going bust  
Like lovers stars get crossed  
Nothing's gained when I'm getting

(Chorus)

And I got lost in the wonder and the tide  
It pulled me under and I  
And I hit rock bottom ground  
I was in deep and fading  
You were waiting  
You lifted me up and that's when I got found

(Chorus)

Everyone... gets found  
Everyone... gets found  
Everyone... Oh, yeah...  
Everyone... Oh, yeah...
