You are the reason I?m living upside down  
You are the reason I don?t know where I?m bound  
When I?m with you I hardly make a sound  
And when I do my words fall dead to the ground  
I hate myself for not speaking out loud  
I don?t believe your hesitation should be part of our  
relation  
Just let go?

Celebrate me, devastate me  
Liberate me, elevate me  
Elevate me, liberate me  
Devastate me, celebrate me

I tried to love you, but you put me on hold  
You like to play with hearts that never will unfold  
You like to challenge God?s creation, I was told  
But the reason why it?s all out of control  
Is that your wicked heart has turned to stone  
I don?t believe your hesitation should be part of our  
relation  
Just let go?

Celebrate me, devastate me  
Liberate me, elevate me  
Elevate me, liberate me  
Devastate me, celebrate me

I don?t believe your hesitation should be part of our  
relation  
Just let go, you can?t tell your heart from your soul  
Let go?

Celebrate me, devastate me  
Liberate me, elevate me  
Elevate me, liberate me  
Devastate me, celebrate me
