He was a simple boy, he just liked to have fun  
He never wanted to be just like his dad was  
He was a dreamer but he had never had none  
Who made the most of his life but never had one

He was a single boy, he could never slow down  
He always wanted to leave but didn't know how  
He was a dreamer who seemed to never break ground  
Who spent most of his life in a small town

Shake up my life, let's go  
Back to the days  
When we were young and not restless  
We still believed and hadn't built our defenses

I'll tell you one thing's for sure  
Till we make the decision  
We'll never take this world  
Unless we make a head on collision  
A head on collision

And daddy told her she could never have  
Late night help with her math  
So she sits crying by the window

Every time she gets another A  
She makes it another day  
And it's just that simple

Shake up my life, let's go  
Back to the days  
When we were young and not restless  
We still believed and hadn't built our defenses

I'll tell you one thing's for sure  
Till we make the decision  
We'll never take this world  
Unless we make a head on collision  
A head on collision

Here they come now  
Will you come down?

Make 'em run now  
On to the next town

Here they come now  
Let's make 'em run now  
No time to fake now  
Everything breaks down

Here they come now  
Will you come down?  
Make 'em run now  
On to the next town

Here they come now  
Let's make 'em run now  
No time to fake now  
Everything breaks down

Here they come now  
Will you come down?  
Make 'em run now  
On to the next town

Let's go back to the days  
When we were young and not restless  
We still believed and hadn't built our defenses

I'll tell you one thing's for sure  
Till we make the decision  
We'll never take this world  
Unless we make a head on collision

Let's go back to the days  
When we were young and not restless  
We still believed and hadn't built our defenses

I'll tell you one thing's for sure  
Till we make the decision  
We'll never take this world  
Unless we make a head on collision

Don't you know  
There's more to this than what we thought?  
'Cause we were never listening  
We heard it all before but we missed it  
When all we needed was a head on collision

Don't you know  
There's more to this than what we thought?  
'Cause we were never listening  
We heard it all before but we missed it

When all we needed was a head on collision
