I need your protection
From the world outside
I need your affection
To get me through a cold winters night
I need an illusion
I need to get by when you're not here
I need a conclusion
I do
On wheter you'll stay
CHORUS
The warm feeling of your hands
Still on my shoulder
The soft footsteps in the hall
Reminds me again
That I'm falling for you
Isn't it so
I want the world to know
I need a confession
To know that you want me in your life
I don't ask perfection
Cause we have got time to make things right
And I need an illusion
I need to get by when you're not here
I need a conclusion
I do
On wether you'll stay
Stay here with me
CHORUS
