You left me for her
She left you for him
Now you're back again
Beggin, sayin
It was a moment of weakness
You couldn't help but falling
Now your love for me is rock solid

If your love was a rock,
I'd throw it through the window
Skip it cross the water
watch it sink to the botton,
Crush it with a hammer
then glue it back together,
Just to roll it down a mountain
Hope it never stops
If your love was a rock

You know it's true
That's what I'd do
[?]
Just so you could hold her
Couldn't get much colder
But now it's over
Crushed me like a boulder
So don't even try
You're long goner

This feelin' broken heart has made me stronger

If your love was a rock
I'd throw it through the window
Skip it cross the water
Watch it sink to the bottom
Crush it with a hammer
Then glue it back together

Just to roll it down a mountain
Hope it never stops
If your love was a rock

You never would've left me
You would've stood and said me
Be someone I could lean on
Someone I could hold
Not a rolling stone

If your love was a rock
I'd throw it through the window
Skip it cross the water
Watch it sink to the bottom
Crush it with a hammer
Then glue it back together
Just to roll it down a mountain
Hope it never stops
If your love was a rock
