Into the forest I run  
Looking for a place that can show me all about you  
When I get up I look down  
Everything seems smaller from here  
And now I'm thinking  
If I were you I'd come now  
Never wait to long cause the winds are changing fast  
And suddenly it gets cold  
Don't you know the leaves are falling down  
Just like me the leaves are falling  
CHORUS  
Learn my ways  
From the book that lay beside me  
Over broken glass  
Through the fields I see you running  
Over time  
You will learn that peace inside me  
Is as hard to find  
As the day I'm spending with you  
Didn't you see it coming  
Was it just a game that you played to make me happy  
Open your eyes and look down  
You will se the love I kept  
Is dying on you  
If you were me you'd go now  
You can bet your life that the grass is greener out there  
Suddenly I am gone  
Don't you know the leaves are falling down  
Just like me the leaves are falling  
CHORUS  
Run away and hide  
Straight into the night  
The leaves are falling with you  
CHORUS
