How dark is your night
Without me there by your side
How dark are my eyes
When they see you leave me far behind
I'm far behind
I'm sailing away
To a new bright day
I'm taking you home
But I can see in your eyes that something's wrong
Something's wring
CHORUS
But I have no pride
And I fear no sight
I am drifting along
Singing my song as I've learned to deep inside
A song from deep inside
For how long have I tried
To push fear aside
And for how long have I cried
When I see you leave me far behind
I'm far behind
CHORUS
