How long can you swim before you drown
How long can you stay before you leave town
How long can you fly before you come crashing down

How far can you drive until you stall
How far can you climb until you fall
How far can you go before you lose it all

Sometimes I want to live a simple life
Lah lah lah lah lah lah lah
Sometimes I want to live a simple life
Lah lah lah lah lah lah lah

How many times can you get pushed too far
How many people really know who you are
How many times can you keep being told that you're
wrong

CHORUS to fade
