She was standing on the gone side of leaving  
She found a thumb and stuck it in the breeze  
She'll take anything that's going close to somewhere  
She can lay it down and live it like she'd please

She ain't going nowhere, she's just leaving  
She ain't going nowhere she can't breathe in  
And she ain't going home and that's for sure

She's not sitting down crying on her suitcase  
She had no second thoughts by the road  
But she's got feelings that need some repairing  
And she did not give a damn that it showed

She ain't going nowhere, she's just leaving  
She ain't going nowhere she can't breathe in  
And she ain't going home and that's for sure

Well the wind had its way with her hair  
And the blues had their way with her smile  
And she had a way of her own  
Just like prisoners have a way with a file

She ain't going nowhere, she's just leaving  
She ain't going nowhere she can't breathe in  
She ain't going home and that's for sure

Nah she ain't going nowhere, she's just leaving  
She ain't going nowhere she can't breathe in  
She ain't going home and that's for sure  
Nah she ain't going home and that's for sure
