(Catherine Britt & Elton John)

A fire that's left unattended  
Surely will burn out and die  
Now that we're down to nothin' but ashes  
Is this where we both say goodbye

Chorus

Is this where two hearts break down and cry  
Is this where we let go and give up the fight

Have we reached the point where it's too late to try  
Is this where we both say goodbye

It's so hard to go on pretendin'  
The truth is we're livin' a lie  
And it kills me to know our love's dyin'  
Is this where we both say goodbye

(Chorus)
