I take these turns  
A bit too fast  
Trying to leave you  
In my past  
The CD skips  
Our favorite songs  
Our greatest hits  
Just don't belong

I really love  
To hate this  
Love hate  
Hate love relationships  
Are over-rated  
Over my dead body  
Is how this will end  
He said it's over  
And I could go for  
Another chance to do  
This over again

So this is it?  
After all  
We've been thru  
We call it quits  
And-a I'm about to  
Wash my prints  
Oh  
The little I had left  
He said it's over  
And I could really go  
For a cup of coffee  
And an overdose

Leave it all behind me  
You'll see it  
When you finally find me  
Comatose or pretty close  
Cover up copy  
And an overdose

I pop these pills

Like cracker jacks  
And the price  
That plays dice  
Just watching you react  
When your depressed you  
Sleep too much  
I'm not sure  
If I'm waking up

It's over-rated  
Over my dead body  
Is how this will end  
You said it'd over  
And I could go  
For another chance to do  
This over again

So this is it?  
After all  
We've been thru  
We call it quits  
And-a I'm about  
To wash my prints  
Oh  
The little I had left  
He said it's over  
And I could really go  
For a cup of coffee  
And an overdose

Leave it all behind me  
You'll see it  
When you finally find me  
Comatose or pretty close  
Cup of coffee  
And an overdose

He said it's over  
And I could really go  
For a cup of coffee  
And an overdose  
Leave it all behind me  
You'll see it  
When you finally find me  
Comatose or pretty close

I stood in line  
Without you  
I stood in line  
Without you  
And I don't tell you

What it is  
I thought about you  
Well without you  
Is everything I've got
