Remember when I dove into the crowd  
And I got a bloody knee under my skin  
A mark from wiping out  
It brings back the memories

Every bone's been broken  
But my heart is still wide open

I can't stop, don't care if I lose  
Baby, you are the weapon I choose  
These wounds are self inflicted

I'm going down in flames for you  
Baby, you are the weapon I choose  
These wounds are self inflicted  
One more thing I'm addicted to

With each scar there's a map  
That tells a story, what a souvenir of  
Young love's like jumping out an airplane  
Riding a tidal wave on an ocean of emotion  
My heart rips me wide open

I can't stop, don't care if I lose  
Baby, you are the weapon I choose  
These wounds are self inflicted

I'm going down in flames for you

Baby, you are the weapon I choose  
These wounds are self inflicted  
One more thing I'm addicted to

And I cover up these scars  
We'll make it, we'll make it but we break it  
And I can't stop seeing stars  
Let's hope not die whenever you're around  
Around

I can't stop, don't care if I lose  
Baby, you are the weapon I choose  
These wounds are self inflicted

I'm going down in flames for you  
Oh, you are the weapon I choose  
These wounds are self inflicted  
One more thing I'm addicted to, oh

No, I can't stop  
Oh, I can't stop  
No, I can't stop

And I'm going out in flames  
Oh, I'm going down in flames  
Baby, you are the weapon I choose  
Baby, you are the weapon I choose
