That's more like it
That's more like it
That's more like it

When I wanted you, you will not reciprocate
When I needed you, you would always show up late
But things have changed, and I've got the upper hand
You can run and I've got you eating out of my hand

Chorus:

That's more like it, yeah
That's more like it
Make my dinner, bring it to me
That's more like it,
That's more like it
Yeah, that's more like it
Yeah, that's more like it
Yeah, it's about time
Get to work and give me money
That's more like it!
That's more like it!

When my birthday came, you will not remember it
When I got my period you were inconsiderate
But tables turn, and it's great to be on top
I've got you trained to appreciate the period that you've got

Chorus:

That's more like it, yeah
That's more like it
I say when and where it happens
That's more like it,
That's more like it
Yeah, that's more like it
Yeah, that's more like it
It's great to be the last one laughing
That's more like it!
That's more like it!

That's more like it!
That's more like it!

I like chocolate, and I like Daisies
Maybe you're better write this down!
I love cashmere, and I want diamonds

ready for my massage right now!
Oh, right now!

Chorus:

That's more like it, yeah
That's more like it
Make my dinner, bring it to me
That's more like it,
That's more like it
Yeah, that's more like it
Yeah, that's more like it
Yeah, it's about time
Get to work and give me money
That's more like it!
That's more like it!
