Hello
Your favourite ghost is here
My friend
Came through the chandelier and then
Started to disappear again

We know
It's just a little too exposed
Her candle that is fading slow
It's such a pleasure to control

Confused and lost inside
A kind of pay per view
Oysters without pearls
I am no superman
And I don't have a way to come and save your world

Love is grand
But we are weak
We need a rest
But never sleep
And love is dark
We're in too deep
But we needed to survive
We needed to survive

Hello
We came to fight the fight
Again
Passing the ? down to send
The kind of echo that won't end

Confused and lost inside
A kind of pay per view
Oysters without pearls
I am no superman
And I don't have a way to come and save your world

Love is grand
But we are weak
Always trying to complete

An empty shell
That's on the beach
It once was alive
Love is grand
But we are weak
A perfect hand
That we can't keep
And love is dark
We're in too deep
But we needed to survive
We needed to survive
