"Silent Symphony"

Companionship isn't a pill
Choose only what, what you, what you wanna feel
An understanding stranger
A talent for regret
Enough is never enough for the lonely
So watch me
Craving
Oh, oh won't you

Watch me dance
You're my one last chance
While the music of this silent symphony plays inside of
me
Hell's romance and I'm losing fast
While the music of this silent symphony plays inside of
me

Compassion bored with vacancy
Empty rooms and all of their, their family trees
September rain cools as summer sweat
Washes away all of the shadows
I won't forget
I can't forget so
Give me flight and won't you let me

Choose to dance
You're my one last chance
While the music of this silent symphony plays inside of
me
Hell's romance and i'm losing fast
While the music of this silent symphony plays inside of
me
