(Verse 1)

In a cold and empty house
I lingered now for far too long
I really? held a rosary
To pray you'll stay with me a while

But nothing seems to keep me here
The way we used to do before
This time it's me that's leaving you
I'll never turn around

(Refrain)

'Cause when the laughter is gone
I know I must be moving on

And I will dance when I walk away
Oh, I'm gonna sing
I won't beg or pray

I will dance when I walk away
Oh, I'm gonna sing
I won't beg or pray
No, no

(Verse 2)

I'm standing at the cross road now
The fields of opportunity
I'm ready to go anywhere
I'm full of hope and full of fear

And bridge is back of

??

I remember where I've gone
Remember where I'm coming from

(Refrain)

Oh, when the laughter is gone
Uh, I know I must be moving on

And I will dance when I walk away

Oh, I'm gonna sing
I won't beg or pray

I will dance when I walk away
Oh, I'm gonna sing
I won't beg or pray

(Interlude)
And now I leave
And asking you
Hard day, I never knew
Tonight or not

(Refrain) [3x]
And I will dance when I walk away
Oh, I'm gonna sing
I won't beg or pray

I will dance when I walk away
Oh, I'm gonna sing
I won't beg or pray

(Outro)
This is not a home for me
