Remember once upon a time
I thought that you were mine
Remember we said we were meant to be
So different from the rest
I tried to do my best to please you
On baby how I tried
Now you're always half a kiss away
And even when our lips meet
you're always just out of reach
Tryin' to tease me playing with my mind
And though you're bad for my health
I keep on telling myself

Chorus:

I took a crazy chance
crazy chance on your love
I took a crazy chance
crazy chance on your love
Now I'm knocking at your door

Can't take this anymore
You've got me on a losing streak
It's all been said and done
No use to carry on
Can't take it I've got to let you know
If you asked me for another day
If you went on your knees and you begged to me
please
Couldn't stay I know I'd lose my mind
I really must have been blind It's really over this time
Repeat Chorus
I put my trust in you baby and you let me down
All the time I was with you was on shaky ground girl
Whispering it will be alright
Like the way you said to me on the day I met you
Repeat Chorus to fade
