Pardon me, I don't mean to upset you,  
I don't mean to be rude,  
I don't want to distress you,  
It's just my altitude.  
You know we won't get nowhere if we keep holding  
back,  
There is no need to rush it,  
So sit back and relax.  
Oooo gimme love, gimme love, gimme love and your  
love, all your love.  
Mmmmm open up,  
Let me in,  
Let me show you what I'm made of girl.  
You know I think about you,  
It's more than just night and day.  
Which leads me to conclude that,  
I gotta say.  
You know it doesn't matter what you do,

I don't care if you might think that I'm wrong.  
There's not a thing that's gonna keep me from you,  
I gotta have you.  
Yeah, it's just the way it it.  
Do you know I really can't never believe it you never  
saw me there.  
I watched you from the shadows,  
I followed you everywhere.  
I had you as my lover,  
I had you everywhere girl,  
Even in my bed it doesn't matter,  
It doesn't matter what you're doing.  
It doesn't matter.
