

## Kavana "Release It"

Ask me no questions, I'll tell you no lies  
I honestly thought you knew  
You tell me I'm faking most of the time  
Baby, you've found the truth

We break every rule  
So why do you choose to be serious  
(I think it's time you played my way)  
I'm talking in rhymes  
You're making me feel so delirious  
(let it out)

Can you release it, baby go with the flow  
Release it, 'cos I know what you know  
Release it, what you're feeling inside  
Release it, 'cos there's nothing to hide

You talk like tomorrow is light years away  
You constantly play it safe  
When you get affection you have it your way  
Why can't you sit and wait

We break every rule  
So why do you choose to be serious  
(I think it's time you played my way)  
I'm talking in rhymes  
You're making me feel so delirious

(repeat chorus)
