I can't believe it's monday *
Â¥cause it feels so right,
And I feel so fine because I remember girl,
I feel it's friday on my mind.

I can't believe it's monday,
A grey and misty winter monday.
Â¥Cause it feels so fine,
And I feel the sun is shining right above of my head,
I feel it's friday on my mind.

What a remarkable day!
I'm going to take my time before I get too old.
Would you excuse me if I'm late?
Guess I'm going to stay,
And listen to my favorite song.

But don't worry I'll be on my way.
I hope you're feeling the same.
Can't feel the good vibrations in the air?

I can't believe it's monday *
Â¥cause it feels so right,
And I feel so fine because I remember girl,
I feel it's friday on my mind.

I can't believe it's monday,
A grey and misty winter monday.
Â¥Cause it feels so fine,
And I feel the sun is shining right above of my head,
I feel it's friday on my mind.
