(music: Sandro Silva - lyrics: Gerson Grecco)

Love goes stickin' around...

Ten times I've ended bruised

Ten times I've said no more

But love came fast and silent

I've felt this love before

Bridge:

Don't turn your body into a weapon

So I go crazy - you see

It ain't a Saturday night, girl

When you glance and get it free

You take my heart

So all your dreams come true - you see

I ask my heart 'bout my love

And now I wonder where it is

Oh please tell me where is it?

Chorus:

You make me feel it baby

Love goes stickin' around

You say it's gonna be worthy

And I hope you believe it

Do you believe in a man

Who can't love anymore?

His curse 'till the end of his days

Oh how can I be sure?

Bridge

Chorus
