

Kavla "The Clowns"

Visit "[The Clowns](#)" on MotoLyrics.com

(music & lyrics: Fabio Silva)

The years have passed away but violence's still the same

Controllin' all the minds and infecting the whole world
A man was dead, a woman weeps and nobody knows why

Another crime, it's just the hate growing our the hearts

Bridge:

You can't see... Pain and fear... Cry!

Killers free... Agony... Die!

Chorus:

God, help us! Please bring peace to this world

God, help us! There are people who love and are loved

God, help us! The children still smile with the clowns

Children livin' on the streets, where are the social rules?

I read the news and only see the power of abuse

I stop and pray for God, I never saw it before

I pray and shout "Please give us the children smile"

Bridge

Chorus
