You touch my hand I understand
I nod my head and I know you've read what's on my
mind
Mhmm I love you all the time
That's heart talk
A little smile you wink your eyes and all the while
It's no surprise I love you still
Mhmm and I'll always will
That's heart talk
Some people don't know how it done or how to go
about it

Well I'd say they've got the wrong one cause there's no
doubt about it
If you should leave
I wouldn't grieve
This one last kiss
Tells me you'll miss me all the time
Mhmm what's on your mind
Try heart talk
If you should leave...
