(Willer Miller - Jimmy Snyder)

Oh, you're a husband stealer, a wheeler and a dealer
Number one across the nation in your game
You've been called a little flirt probably all the names
that hurt
But you're still a husband stealer just the same.

Now you think you'll get my man your game is catch
'em if you can
But now honey I have got some news you see
You'll be alone so sad and blue when he learns your
trick or two
'Cause he'll turn around and come back home to me.

Oh, you're a husband stealer, a wheeler and a dealer
Number one across the nation in your game
You've been called a little flirt probably all the names
that hurt
But you're still a husband stealer just the same.

--- Instrumental ---

You in dark corners of bars and out parkin' in the car
Any place you think you can get my man
Oh you make him think you're tame with your huggin'
kissin' game
But he'll think twice when he feels our weddin' band.

Oh, you're a husband stealer a wheeler and a dealer
Number one across the nation in your game
You've been called a little flirt probably all the names
that hurt
But you're still a husband stealer just the same...
