I'm a gonna roll out the red carpet when you come home  
I'm gonna treat you like the way I feel like you ain't never known  
I'm gonna have brass band at the station  
I'm gonna let 'em know what the united nation  
And I'm a gonna roll out the red carpet when you come home

Well I think I hear old 99 around in the bend  
And I know it won't be long until you're in my arms again  
I'm a gonna love you hug and kiss you I'm a gonna let you know how much I miss you

I'm a gonna roll out the red carpet when you come home  
I'm a gonna roll out the red carpet...  
[ guitar ]  
Well I worn out my best shoes a walking the floor  
And I won't sleep a wink till you knock on my door  
Yeah ahead that's you a comin' the clock on the wall is about stop runnin'  
And I'm a gonna roll out the red carpet when you come home  
I'm a gonna roll out the red carpet...
