Starry eyes ever after
You're a chapter
And im a page
And it sends me so stratospheric
I gotta hear it anyways
Nothing could be jaded
I will orchestrate
Im beyond trans-neptune object #1

Starry eyes ever after
You're a chapter
Im a page
And it sends so me stratospheric
I gotta hear it anyways
Nothing could jaded
I will orchestrate
Im beyond trans-neptune object #1

So anywhere you go
From the depths up to the stars
Im a moonlit window
So getcha gotcha good
Don't you never ever worry cause her momma tells her
Shes interstellar
Shes interstellar
