You've got me trapped by two lips that keep begging
me to stay

Trapped by two arms that won't let me walk away
You don't love me but you don't want me to go
You've got me trapped with a hopeless love I know

I keep saying that I'm gonna leave someday that you're
not gonna hurt me anymore
But I'd be back before my footsteps fade away

And I'd be under your spell just like before
You've got me trapped...

[steel]

And so foolishly I keep hanging on to you
Even though I know you hurt me just once more
But what the use to go I couldn't stay I'd be back to you
before you close the door
You've got me trapped...
