I'm riding in your car, a hundred miles an hour  
Grin from ear to ear, I'm feeling happy here

I don't wanna park tonight, pass by those traffic lights  
Yeah yeah yeah yeah

It's such a simple plan, a trip in your Sedan  
Cruising to explore, really nothing more  
Hill climb for morning views, sun up in your saloon

Oh, lets go further down the road  
Don't ask me what it is or where to go  
I don't know, I don't know, I don't know

I just wonder if you feel desire?

I'm riding in your car, a good friend you are  
So take me where I please, see Los Angeles

A bad idea to try, you look so horrified

And I didn't think that you could tell  
I'm a psycho speeding road machine from Hell  
You know me, so well  
It's just a simple trip by car  
A sleeping passenger you are

But boy what a picture of relief  
That your skin is just as smooth and just as sweet  
And it's warm beyond belief  
I, I, I  
And I wonder if you feel desire
