Love my superstitious games  
Running circles round my brain  
When I'm left smiling

I love to steal this living steam  
My head in someone's dream  
I'm tired of sleeping

Call me Crank, my idea  
Crank, so super  
Crank, my conscience clear

I build my canopy of steel  
It fulfills my sense of real  
A chrome protection

Just call me Crank, my idea  
Crank, so super  
Crank, my conscience clear  
It's clear

In this small partition, like a prison  
Explode time bomb  
If you know where I come from

Just call me  
You call me Crank, my idea  
Crank, so super  
Crank, my conscience clear

Please call me Crank, it's what I need  
Crank, my mind in seed  
Crank, my dream complete

Lay down  
Lay down  
Lay down
