Fuel of fathers sweat
Sweet like baby's breath
Strong like Superman
Stinking up the streets I am
The feeling does me in
But here I go again

I, I love gasoline
I, I love gasoline

Smooth like summer silk
Sweet like mother's milk
Warm like tenderness
Perfume sprayed around my neck
I know it makes no sense
But here I go again
Yeah yeah yeah

I, I love gasoline
I, I love gasoline
I, I love gasoline

Here comes the rush again
Let me down easy
Here comes the rush again
Let me down easy

Here comes the rush again
Let me down easy
Here comes the rush again
Let me down easy

Warm like summer breeze
Flowing 'round your city
Come on down with me

I, I love gasoline
I, I love gasoline
I, I love gasoline
I, I love gasoline
