I've been fed all my life  
Had stories read to hypnotize  
I bang my head against the wall

Deep inside my head I've found  
Some signs of life a mushroom cloud  
I teach and I reach the greed  
Oh this is the mouth I feed  
With love, with love so don't be accusing me

I've got God inside my head  
I've got God inside my head  
I've got God inside my head, oh

Bless my soul one false hope and wisdom there  
This punk's no dope and I feel the need to share  
'Cuz I teach and I reach the greed  
Oh this is the mouth I feed  
With love, with love so don't be accusing me

I've got God inside my head  
I've got God inside my head  
I've got God inside my head  
My head, my head, my head

Just don't remind me  
Don't remind me  
Don't remind me

That I teach and I reach the greed  
Oh this is the mouth I feed  
And I refuse to believe there's a cynical bone in me

I've got God inside my head  
I've got God inside my head  
I've got God inside my head  
My head, my head

I don't wanna die  
I don't wanna die  
I don't wanna die
