It's how high you are and the time it takes to heal
It's how high you are and the time it takes to heal

I can climb a tree and push up through the leaves
'Cause only when I try am I happier to see
My head's in some kind of space
Where boyhood used to be

It's how high you are and the time it takes to heal
It's how high you are and the time it takes to heal

But it's all a lie and I've never felt so sad
There's a streak of melancholy
It's running down my back
And there's a great mistrust
That borders round the man
I call it strange from a boy who never left his head

It's how high you are and the time it takes to heal
It's how high you are and the time it takes to heal
Yeah, yeah
Oh yeah, yeah

Nay, nay, nay, nay
Nay, nay, nay, nay

And everyone needs someone to live by
Everyone needs someone to live by

But it's all a lie, it's a lie to make you beg
For somethin' more
For somethin' better than you've had
And I wish I knew
Oh, I wish I knew how to change

'Cause everyone needs someone to live by
Everyone needs someone to live by
Everyone needs someone to live by
Everyone needs someone
Everyone needs someone to live by
Everyone needs someone
Everyone needs someone

It's how high you are and the time it takes to heal
