There is an attitude I'm guilty of
Kept deeper, deeper, deeper
I only let it out when people piss me off
It's funny funny funny

I can be, I can be what you want me to be
I can be, I can be what you want me to be
I can be, I can be what you want me to be
My My My exhibition

I'm such a nice boy, such a charming man
But I'm going crazy with these snakes and stuff
I charm the pants of anyone I can
But this time I'm gonna...

My exhibition
A real condition
Yoga position
my exhibition
You're pissing me off, your pissing me off
Deeper and deeper and deeper and deeper

I can be, I can be what you want me to be
It's my exhibition
Stop you're pissing me off
Stop you're pissing me off
Stop you're pissing me off
