There's a song about a boy who phones this girl  
She left town years before and he's pissed off that he  
didn't know  
'Cause he wanted to say goodbye, tell her how he  
missed her  
Wish her good luck  
Put it to rest, all that unfinished business

So I'm gonna phone everyone that I've known through  
the downs and the ups  
And who I suspect have written me off as an insensitive  
fuck  
And say good luck and goodbye  
They'd feel good and I'd feel good  
We'd all feel good, that would be so good
