Recent years were unsung
I light 'em up burning my horoscope
Recent fears I've undone
I give 'em up sick of my bogus ghost

Rising up it reached my highest line
C'mon Daisy, don't drown me this time

I'm living in fits can't get myself ripped
Don't make me no criminal
I'm easily moved, it don't leave me no room
Don't make me no criminal

Rising up it reached my highest line
I had bad ideas and ballast on my mind

But now the sparks are gonna fly
'Cause I'm turned on again burning up the future
Now the sparks are gonna fly
'Cause I'm turned on again burning up the future
I'm taking off, I'm taking off, I'm taking off

Recent fears about love
I string 'em up here are my robust ropes
There'll be no more tears I'm unplugged
Lets live it up easy come easy go

Falling down gave me my highest line
So c'mon Daisy, don't drown me this time

Now the sparks are gonna fly
'Cause I'm turned on again burning up the future
Now the sparks are gonna fly
'Cause I'm turned on again burning up the future

Now the sparks are gonna fly
'Cause I'm turned on again burning up the future
I'm taking off, I'm taking off, I'm taking off
C'mon Daisy, don't drown me this time

Falling down I reached my highest line
I've got a good idea what breaks you makes you shine

Now the sparks are gonna fly
'Cause I'm turned on again burning up the future
Now the sparks are gonna fly
'Cause I'm turned on again burning up the future

Now the sparks are gonna fly
'Cause I'm turned on again turning on the boosters
Now the sparks are gonna fly
'Cause I'm turned on again burning up the future
I'm taking off, I'm taking off
So c'mon Daisy, don't drown me this time
