I got up early on Monday  
And it suited me fine  
That the leaves had started  
Turning and it was cold outside

Because the sun surely shined  
The autumn ought to come  
You used to say you liked it  
Well, I still like it

I never got your message  
I didn't think that you cared anymore  
Now that you're out in Los Angeles  
You kind of closed that door

But soon I'll need some warm air  
I'm coming out in November  
Will you be there?  
Will you be there?  
In the fall

Tell me could the reddest tree  
Definitely give you something  
To figure out?  
Or is that impossible now?

I wore that red, fuzzy sweater  
Through the frosty grass today  
And it made me feel so safe and warm  
Like cherry marmalade

So it looks like I might  
Plant myself where I am  
And just travel light  
It looks like I might  
Fall
