The mighty badlands, south dakota
I'm tired of sitting down
Said goodbye to seattle
Its 7 am now

Will i be safe i'm going home
Should i be scared that i don't know

There was a question in my heart
But i've forgotten what it was
It must have went the way of all the passing miles
And yesterday's coke buzz

There's no excuse at 29
To be so absurdly like a child

So i can't stay up all night with you
The kick don't kick like it used to
I've made mistakes heaven knows
But i'm scared of being alone
So make this bad ride fly
Galapagos

I watch it slip back to eastern standard
With sioux falls rollin by
And it makes me tired how i make you tired
It seems most all the time

Youve seen the ocean and truth
And i wont be of any use to you

And you'll want back your old guitar
And you'll want back your brand new start
I wont deny, nor oppose
That i'm scared to be alone

So i can't stay up all night with you
The kick don't kick like it used to
I've made mistakes heaven knows
But i'm scared of being alone
So make this bad ride fly
Galapagos
