The starry eyes ever after
You're a chapter, I'm a page
And you sends me so stratospheric
That I gotta fear it in a way

And nothing could be jaded
I couldn't orchestrate this love
I'm beyond Trans-Neptune object number 1

So the starry eyes ever after
You're a chapter, I'm a page
And you send me so stratospheric
That I gotta fear it in a way

And nothing could be jaded
I couldn't orchestrate this love
I'm beyond Trans-Neptune object number 1

So anywhere you go
From the depths up to the stars
I'm a moonlit window

Daget dagut dagur
Don't you never ever worry
'Cause her mamma tell her
She's interstellar, she's interstellar

So the starry eyes ever after
You're a chapter, I'm a page

Nothing could be jaded
I couldn't orchestrate this love
I'm beyond Trans-Neptune object number 1

Daget dagut dagur
Don't you never ever worry
'Cause her mamma tell her
She's interstellar, she's interstellar
She's interstellar, she's interstellar
