Listen closely or you'll never hear me whisper  
All the pretty things I'm scared to say out loud  
In my mind I know all I can do is kiss you  
But I'm caught between the curtain and the crowd

And I don't leave 'cause I'm afraid to be alone  
But it doesn't even matter now you're gone  
On the outside I seem fine but when you look into my  
eyes  
Baby, you're bound to see me shaken

Without your skin,  
Without your skin,  
Without your skin I'm naked

There's a picture in my bedroom by the window  
And a suitcase just outside my closet door  
I don't know if I should run away or tiptoe  
But I feel like I can't be here barely more

And I don't leave 'cause I'm afraid to be alone  
But it doesn't even matter now you're gone  
On the outside I seem fine; when you look into my eyes  
Baby, you're bound to see me shaken

Without your skin,  
Without your skin,  
Without your skin I'm naked

You make it sound so easy  
To make them all so proud  
But when it comes to leavin' baby  
I'd rather stick around

And I don't leave 'cause I'm afraid to be alone  
But it doesn't even matter now you're gone  
On the outside I seem fine; when you look into my eyes  
Baby, you're bound to see me shaken

Without your skin,  
Without your skin,

Without your skin I'm naked

Without your skin,  
Without your skin,  
Oooo, without your skin I'm naked

Without your skin I'm naked
