oh oh oh oh oh oh oh oh  
oh oh oh oh oh oh oh oh  
i remember our first days  
when we swore we would never change  
it was the whole damn world  
versus me and you  
that was when we were both best friends  
just lay around on the sofa bed  
and our time was always up too soon

"Bridge"

why did everything get old  
look at you now your eyes are cold  
don't you wanna make it right

"Chorus"

yeah look in good ahead and find  
why don't we kiss and make up  
and get on with our life  
doesn't really matter who said it first  
keep on acting likes this so we both get hurt  
i just wanna try

oh oh oh oh oh oh oh oh  
all the things we never said  
and all the \*\*\*\* we both regret  
i remember when i first saw you  
it was the time we were both best friends  
now all i do is i play your rent  
and i can't help feeling like im used

"Bridge"

why did everything get old  
look at you now your eyes are cold  
don't you wanna make it right

"Chorus"

yeah look in good ahead and find  
why don't we kiss and make up  
and get on with our lifes  
doesn't really matter who said it first  
keep on acting likes this so we both get hurt  
i just wanna try

go ahead and find  
why dont we kiss and make up  
and get on with our lifes  
i dont give a \*\*\*\* who said it first  
keep on acting like this so we both get hurt  
all i want to do is try

"Chorus"

yeah look in good ahead and find  
why don't we kiss and make up  
and get on with our lifes  
doesn't really matter who said it first  
keep on acting like this so we both get hurt  
i just wanna try

oh oh oh oh oh oh oh oh
