I shine for you  
Always  
All my life  
Oh my angel

I [?] your light  
With mine  
And protect me  
Oh my angel

As I endeavour  
To treat you right  
The hand still feeds  
While the mouth still bites

There's no commotion  
I make no fuss  
It's a [?]ation to both of us  
I'd rather be lonely than see you stay  
I'm begging you to admit the same

Watching it all fade away  
Watching it all fa-de away

I stood by you  
Always  
What a fool  
For my angel

Did I not suffer to treat you right  
I see no reason to stop and fight  
There'll be no secrets  
There'll be no lies  
There's no resistance  
It's no surprise

Do we stay and prolong the pain  
Making up just to slip again

Watching it all fade away  
Watching it all fa-de away  
Watching it all slip away

Did I not suffer to treat you right  
I see no reason to stop and fight  
There'll be no secrets  
There'll be no lies  
There's no resistance  
It's no surprise

Why do we stay and prolong the pain  
We're getting nowhere yeah yeah

Watching it all fade away  
Watching it all fa-de away  
Watching it all slip away  
Watching it all fade away

I'm losing my dream today  
I'm losing my dream  
I'm losing my dream today
