Touch Me (All Night Long)

Peaked #2 on May 18, 1991

We're starting it over, we're making way for destiny  
A time to turnover a better life for you and me  
A new recreation to channel all this energy  
Let's solve the equation, I need to feel, you close to  
me

So baby let your conscience go  
There's no turning back when love takes hold  
Hold me baby, drive me crazy  
Touch me all night long  
Make me love you, kiss and hug you  
Touch me all night long

The more that I see you  
The more I know that love belongs  
With you in my mind boy  
I wouldn't know what's right from wrong  
Cos love will takeover  
And leave you out of sight and mind  
You've got to go with the feeling  
And trust fate to be kind  
And baby let your conscience go  
There's no turning back when love takes hold  
Hold me baby, drive me crazy  
Touch me all night long  
Make me love you, kiss and hug you  
Touch me all night long  
Hold me baby, drive me crazy  
Touch me all night long  
Make me love you, kiss and hug you  
Touch me all night long

And baby let your conscience go  
There's no turning back once love gets hold  
Hold me baby, drive me crazy  
Touch me all night long  
Make me love you, kiss and hug you

Touch me all night long
