In this puzzling case- a deadly hit and run
I've been accused of things I haven't done

Lured into a trap at first I was confused
But step by step I'll prove that they're all wrong

The one who knows it wasn't me
Will turn up soon to make them see
It's all a lie
I'm sure you've got the wrong guy

Eyewitness tell them the things that you saw
Don't fool me don't say you just can't recall
Eyewitness you know my chances are bad
Wish you would tell them they've all been misled

This mess of intrigue of bribe and perjury
Who set me up, who played that trick on me

Don't step out of line don't beat around the bush
I think it's time that you revealed the truth

Although you know it wasn't me
Let me refresh your memory
There's much at stake
Don't make a dreadful mistake

Eyewitness tell them the things that you say
Don't fool me don't say you just can't recall
Eyewitness you know my chances are bad
Wish you would tell them they've all been misled
