### "His Master's Noise"

As you behold the man amid the city - hall  
Eliminating ugly sounds, to get the right control  
He's said to be the master of the dancing waves  
Just making all things ready now  
No troubles left and  
That's when it starts  
His master's noise

He's always everywhere on places where you need him  
To lend an easy helping hand, he's everybody's friend  
He's fading the final sounds and so the end is here  
The audience is cheering but  
The show is over  
That's when it stops  
His master's noise
