NINIANE (Lady Of The Lake)

You, my lady
You have saved me from solitude
My dreams never could
Come, then maybe
I will teach you my magic arts
The tale of the stars

I've chosen you so listen to my song
Love has stronger wings than reason

Niniane, my lady of the lake
Time has come for you to take my place
The voice has fallen mute
The fire has died within me
I've lost the Sight, but who will mind
If you'll succeed me
The secrets remain locked in your heart forever
My future's yours
Sweet lady of the lake

You betrayed me
Stole my power- I was misled
You took all I had
What possessed me
When I put all my trust in you
Could not see you through

Living on this isolated height
Deprived of love, but I'll be alright

Niniane, you've cast a spell on me
A tortured man, why won't you set me free
I'm buried alive
Shut in this case of darkness
There's no escape here from my grave
My skills can't save me
The legend will grow and I will withdraw forever
But down my cheeks the melting sorrows flow,

Feel the magic

See your visions and dream your dreams
You know what they mean

I'm your spirit
Just a word, just a breeze of air
I'll always be there...
